Town of Middlesex Social Media Policy

This policy establishes guidelines for the use of social media platforms by the Town of Middlesex as a means of conveying Town of Middlesex ("Town") information to its citizens. For purposes of this policy, examples of social media include Facebook. These guidelines include, but are not limited to, the Town web site and any social media platforms. The intended purpose for establishing Town of Middlesex social media sites is to disseminate information from the Town, about the Town, to its citizens and visitors, and as an alternate and additional means of communication during emergency situations. Utilization of Town approved social media sites must adhere to this policy. This policy may be amended at the direction of the Town Board. The Town shall establish an "official" town-wide social media site(s) and the Site Administrator shall be the Town Clerk, who shall oversee and manage social media accounts and overall online presence. The Site Administrator is empowered to authorize town employees as Assistant Site Administrators to assist in creating and moderating all social media content.

General Policy

- 1. The Town of Middlesex does not allow public commenting on the Town of Middlesex Facebook page or other forms of social media.*
- 2. All Town social media sites shall adhere to applicable federal, state, and local laws, regulations and policies.*
- 3. Site Administrator or Assistant Administrator representing the Town government via Town social media site(s) must express themselves using language and content that reflects the highest standards of decorum and in accordance with all Town policies.*
- 4. This Social Media Policy may be revised at any time by the Town board.*

Social Media Posting

To the extent that agents of Town post comments to social media outside the scope of their employment responsibilities, such agents may not include any confidential information of the Town, may not violate any confidence or privilege, and may not make any statements that would give a reasonable person the impression that the views expressed by the agent are the views, policies, or opinions of the Town. Agents should refrain from posting critical or derogatory comments about any other agent. Any grievances or complaints that an agent has about the Town should be made through recognized and normal channels pursuant to the Town's Personnel Policies and applicable employment contracts and not through social media. Agents may not utilize any logos, drawings, trademarks, copyrights or other images or photographs of events or equipment typically associated with or obtained in conjunction with Town activities or responses without the express, prior written approval of the Town Board of the Town of Middlesex or its designee. A violation of this policy may be deemed to be misconduct and serve as the basis for disciplinary action by the Town.

Projects/Issues working on; progress ?

I as acting Code Enforcement Official am always working on existing permits and performing necessary inspections for both old and new.

I've been working on sending letters to properties that either need to be cleaned up of debris and trash or are abandoned. Ordered new code books that the office hasn't seen in years. The property maintenance book will help support the clean up as the current town code doesn't have much detail in that area.

It's difficult to be effective with all the residents that have questions and concerns. Trying to figure out a balance with my time for both South Bristol and Middlesex. Im learning from both townships how to approach various situations which is advantageous to my position working for two municipalities. Keeping up with permits and all that is needed for citizens to go to the planning board or zoning board with all appropriate documentation. Beth is a key component with making both boards operate efficiently.

Re: **Town of Middlesex, New York**
\$123,000 Bond Anticipation Note, 2026 (Renewal)

Dear Board Members:

I have examined a record of proceedings relating to the issuance of a \$123,000 principal amount Bond Anticipation Note, 2026 (Renewal) of the Town of Middlesex, a municipal corporation of the State of New York, situate in the County of Yates. The Note is in book-entry-only form registered to "Cede & Co.", is dated June 3, 2026, is numbered 2026A-1, bears interest at the rate of four and fifty hundredths per centum (4.50%) per annum payable at maturity, matures June 3, 2027, and is issued pursuant to the Local Finance Law of the State of New York and a bond resolution adopted April 11, 2024. The Note is not subject to redemption prior to maturity. The Note is a temporary obligation issued in anticipation of the issuance of bonds.

In my opinion, except insofar as the enforcement thereof may be limited by any applicable bankruptcy, moratorium or similar laws relating to the enforcement of creditors' rights, the Note is a valid and legally binding obligation of the Town of Middlesex, payable in the first instance from the proceeds of the sale of the bonds in anticipation of which the Note is issued, but, if not so paid, payable ultimately from *ad valorem* taxes levied upon all the taxable real property within the Town without limitation as to rate or amount, subject to applicable statutory limitations.

The Town has covenanted to comply with any requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be met subsequent to the issuance of the Note in order that interest thereon be and remain excludable from gross income under the Code. In my opinion, under the existing statute, regulations and court decisions,

LAW OFFICES
OF

Interest on the Note is excludable from gross income for federal income tax purposes under Section 103 of the Code and will continue to be so excluded if the Town continuously complies with such covenant; and under the Code, interest on the Note is not a specific preference item for purposes of the federal alternative minimum tax; however, interest on the Note is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. I express no opinion regarding other Federal income tax consequences caused by the receipt or accrual of interest on the Note. Further, in my opinion, interest on the Note is exempt from New York State and New York City personal income taxes under existing statutes.

In rendering the opinions expressed herein, I have assumed the accuracy and truthfulness of all public records, documents and proceedings examined by me which have been executed or certified by public officials acting within the scope of their official capacities, and have not verified the accuracy or truthfulness thereof, and I also have assumed the genuineness of the signatures appearing upon such public records, documents and proceedings, and such certifications. The scope of my engagement in relation to the issuance of the Note has extended solely to the examination of the facts and law incident to rendering the opinions expressed herein. Such opinions are not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the Town, together with other legally available sources of revenue, if any, will be sufficient to enable the Town to pay the principal of and interest on the Note as the same respectively become due and payable. I have not examined, reviewed or passed upon the accuracy, completeness or fairness of any factual information which may have been furnished to any purchaser of the Note by or on behalf of the Town, and, accordingly, I express no opinion as to whether the Town, in connection with the sale of the Note, has made any untrue statement of a material fact or omitted to state a material fact necessary in order to make any statements made, in the light of the circumstances under which they were made, not misleading.

Very truly yours,

Timothy R. McGill, Esq.
